PCA Nevada News & Highlights

**PCANV Biannual Webinar
Community Efforts to Prevent
Abusive Head Trauma
June 26th 10:00 - 11:00am**

Abusive Head Trauma is a preventable injury and requires community collaboration to spread education about risk factors that lead to this violent act and to implement prevention strategies.

Join us to learn about how we as a community can work together to prevent abusive head trauma.

The Biannual is Available from your computer tablet or smartphone!

FATHER'S DAY CRAFT

Folded T-Shirt Card

Materials:

8 1/2-by-14-inch decorative paper and glue.

How To:

1. Place paper facedown. Fold in half vertically; unfold. Line up left edge with centerline fold, and crease; repeat with right edge. Unfold, and lay flat.
2. Fold top-left corner in to line up with outermost crease, forming a triangle; repeat on top-right corner. Using index fingers and thumbs, pinch together outside points of each triangle so they meet, and crease.
3. While still pinching triangles, fold down top edge (this will make sleeves).
4. Turn paper upside down, and flip it over. Fold down top edge 3/4 inch.
5. Flip paper over. Fold top left and right corners so tips meet at centerline.
6. Tuck bottom edge under collar, and flatten by creasing. For the tie, cut out an 8-by-1/2-inch strip of decorative paper. Knot paper. Snip close to knot on one side; trim other to a point. Glue to shirt.

Tips for Parents!

Be a **Water Watcher!** Drownings can be **prevented!**

In Clark County, most drownings occur among children ages 1-4 years. The majority of drowning deaths occur in residential pools. A drowning can occur in seconds, in any water that can cover a child's nose and mouth including:

- Pools
- Spas
- Inflatable pools
- Bathtubs
- Toilets
- Buckets
- Natural bodies of water (lakes, rivers, etc.)

National Policy

Congress Continues to Work on Opioid Bills

The House Education and Workforce Committee introduced three bills of interest aimed at addressing the opioid crisis and its impact on children and families:

- **H.R. 5889**, Recognizing Early Childhood Trauma Related to Substance Abuse Act of 2018: Requires HHS to disseminate information to professionals working with young children on ways to recognize children impacted by trauma related to an adult's substance use, and how to respond in a manner that will provide the best support for the child.
- **H.R. 5890**, Assisting States' Implementation of Plans of Safe Care Act: Requires the Department of Health and Human Services (HHS) to provide states with guidance to support their implementation of the plans of safe care assurance within CAPTA, including by enhancing their understanding of the law, addressing state-identified challenges, sharing best practices, and supporting collaboration.
- **H.R. 5891**, Improving the Federal Response to Families Impacted by Substance Use Disorder Act: Establishes an interagency task force to develop a strategy on how federal agencies can implement a coordinated approach to responding to the opioid epidemic, with a particular focus on the existing programs that support infants, children and their families.
