The purpose of Children’s Week is to represent Nevada’s Children and help strengthen families in areas such as school readiness, children’s physical and mental health, and child safety and security. For the past four legislative sessions, over 80 different non-profit, corporate, philanthropic, and state agencies and organizations have joined together as we strengthened Nevada’s families by sharing a commitment to improve our communities through events and outreach efforts aimed at promoting the health, safety, and well-being of our children.

**Children’s Day**

**MONDAY**
**MARCH 11TH**

Children have a right to live in a safe and stable environment that is conducive to their physical, mental, spiritual and social development. As a State, we are responsible for ensuring the health, education, safety, and well-being of all children.

**Education**

**TUESDAY**
**MARCH 12TH**

Nevada’s children need access to high-quality early learning programs to help them enter Kindergarten ready to learn and succeed. Additionally, high-quality early learning programs can help support working families and boost Nevada’s economy.

**Safety**

**WEDNESDAY**
**MARCH 13TH**

Every child in Nevada should live in safe and nurturing environments, free from abuse, neglect, and violence. And all children should have the opportunity to live and play in safe, healthy neighborhoods and homes.

**Health**

**THURSDAY**
**MARCH 14TH**

Every child in Nevada deserves the opportunity to grow up healthy. Investing in children by supporting their developmental, emotional and mental health helps lay the building blocks for a healthy and successful future.

 Did You Know?

In Nevada over 30% of children entering kindergarten are overweight or obese.

Childhood obesity puts kids at risk for health problems that were once seen only in adults, like type 2 diabetes, high blood pressure, and heart disease.

The good news is that childhood obesity can be prevented.
